

# **Guildford Fire Station??????**

**45% of all Surrey's emergency calls require MORE than 1 fire engine**

**Guildford will be the only remaining 24/7, 2 x pump station in Surrey**

**Guildford is the already the busiest station in Surrey.**

**Guildford will be mobilised to provide back up to Woking, Godalming, Cranleigh, and Camberley several times a day as it is proposed that those stations will all lose fire engines.**

**A third of all Surrey's emergency calls occur in these areas, so will Guildford's fire engines ever be in Guildford?**

**Have your say before it's too late. Take 5 minutes to fill in the online survey:**

**Minutes & seconds make the difference between fire fighters rescuing casualties or recovering bodies**

**0% of Guildford's population will get either a 1<sup>st</sup> or 2<sup>nd</sup> fire engine quicker than they do now. Much of the time the fire engines won't come from Guildford as they will be elsewhere.**

**How can this be an improvement in service?**
