

RDS Surrey Allowance

15th June 2011

After several years of campaigning and arguing the inequality of Surrey Allowance, I am pleased to announce that SF&RS have agreed as of today that all RDS members will be entitled to 25% Surrey Allowance starting from April 2011.

The actual figure is £303 per year which will be paid in monthly instalments as part of the normal wages once the system has been set up to make the payments. The payments will be backdated to April 2011.

Yours in unity,

Vinny.
